REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Mr. Bruce Bergethon
Station Manager
WGLT-FM Radio

We have audited the accompanying statement of net assets of WGLT-FM Radio (a public telecommunications entity operated by Illinois State University) as of June 30, 2008, and the related statements of revenues, expenses, and changes in net assets, cash flows, and functional expenses for the year then ended. These financial statements are the responsibility of WGLT-FM management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WGLT-FM Radio as of June 30, 2008, and the changes in its net assets and its cash flows for the year then ended, in conformity with the basis of accounting described in note A2 to the financial statements.

The management's discussion and analysis on pages four through seven is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures consisting principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis
For the Year Ended June 30, 2008

Introduction and Reporting Entity

The following discussion and analysis is an overview of the financial position and activities of WGLT public radio station for the year ended June 30, 2008. Management of the station has prepared the following discussion, and it should be read with the financial statements and related footnotes which follow this section.

WGLT is licensed to Illinois State University, an instrumentality of the State of Illinois, which is governed by a Board of Trustees, all of whom are appointed by the Governor and ratified by the Legislature, plus the president of Illinois State University.

The station's primary function is to provide noncommercial educational audio programming to the citizens of Central Illinois. From a main transmitter in Bloomington/Normal, with a translator in Peoria, the radio signal reaches an estimated 400,000 population; out of that number approximately 25-30,000 listen each week. Contributing membership consists of approximately 2,000 households.

Since 1992, WGLT's format has consisted primarily of "news, blues and all that jazz." Locally produced jazz and blues music programming make up over 120 hours of the weekly schedule, with National Public Radio (NPR) and Public Radio International (PRI) news and cultural programs plus locally produced news programming constituting most of the rest of the 24 hour service.

During the last decade, listenership and local support have grown steadily. In FY 2004, locally generated funding (including annual listener support, local business underwriting, and net income from station events and fundraising activities) exceeded 50% of the annual cash income for the first time. WGLT celebrated its 42nd year on the air in 2008.

Overview of the Financial Statements

The station's financial statements present the combined current year activity of WGLT, including income and expenses from Illinois State University, the Corporation for Public Broadcasting, the State of Illinois, local businesses, local events, and listener contributions. Some of these cash flows are handled through the Illinois State University Foundation, an entity legally separate from Illinois State University.

The financial statements for WGLT, which consist of the Statement of Net Assets, the Statement of Revenues, Expenses and Changes in Net Assets and the Statement of Cash Flow (direct method), were prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 35, Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities. The station now follows the business-type activity reporting requirements of GASB Statement No. 35 that provides a comprehensive, entity-wide perspective of the station's financial activities and replaces the fund group presentation previously required.

Overview of the Financial Statements - continued

The adoption of Statement 35 had no significant effect on the financial statements except for the reformatting of the basic financial statements and classification of new assets in conformity with Statement 35.

The Statement of Net Assets includes Assets, Liabilities and Net Assets of the Station as of June 30, 2008. This statement is classified into Current and Non-Current Assets and Liabilities, with Net Operating Income (Loss), which is then combined with Non-Operating Revenues (Expenses) to provide the total Change in Net Assets. The Statement of Cash Flows shows the sources and uses of cash from operations, cash flows from non-capital financing activities, cash flows from capital and related financing activities and cash flows from investing activities. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Financial Highlights

The financial position of radio station WGLT at June 30, 2008 has improved due to a second consecutive year in which income significantly exceeded expenses. While event income for FY 08 was down from the previous year (which included several one-time, 40th anniversary events), and the station experienced a 30% cut in its annual state grant, both listener contributions and underwriting income grew by 7% over the previous year. New expenses included the purchase of a sophisticated logging and billing system, and the computer infrastructure to launch two new web-based program services. To accommodate these new expenses, and to reserve funds for an FY 09 purchase of digital transmitter equipment, WGLT management was more conservative than usual in cash flow management during FY 2008.

Net Assets totaled \$277,764 for the year ended June 30, 2008 (FY 2008) and \$211,671 for the year ended June 30, 2007 (FY 2007). The station's Net Assets at end of year increased by \$66,093 in FY 2008 compared to an increase of Net Assets for FY 2007 of \$114,735. The station's Operating Revenues totaled \$1,608,045 in FY 2008 compared to \$1,682,078 in FY 2007, while Operating Expenses totaled \$1,541,952 in FY 2008 compared to \$1,574,383 in FY 2007. The Net Operating Income for FY 2008 was \$66,093, compared to an operating income of \$107,695 in FY 2007.

The station's property and equipment, net of accumulated depreciation, totaled \$90,553 at June 30 2008.

Financial Analysis of the Statements

The Station's condensed financial statements for FY 2008 and 2007 are presented on the following two pages.

WGLT-FM Radio

A Public Telecommunications Entity Operated by Illinois State University

NOTES TO FINANCIAL STATEMENTS

June 30, 2008

NOTE A – SUMMARY OF ACCOUNTING POLICIES

1. Organization Description

WGLT-FM Radio (“the Station”) is a public telecommunications service operated by Illinois State University as part of the School of Communications within the College of Arts and Sciences located at the University’s campus in Normal, Illinois. The financial statements of WGLT also include the accounts for the ISU Foundation, an Illinois not-for-profit corporation affiliated with Illinois State University. The ISU Foundation solicits funds in the name of and with the approval of WGLT Radio. Funds are distributed by the ISU Foundation in amounts determined and approved by the General Manager of WGLT Radio.

The Station is part of the University as a whole, and thus, for financial reporting purposes the financial balances and activities included in these financial statements are also included in the University’s financial statements. Because the University is considered a political subdivision of the State of Illinois, the Station is considered to be a governmental unit. As a governmental unit, WGLT-FM is exempt from federal and state income taxes.

2. Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB), including Statement No. 35, Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities. The Station now follows the business-type activity reporting requirements of GASB Statement No. 35 that provides a comprehensive, entity-wide perspective of the Stations’ financial activities and replaces the fund group presentation previously required.

For financial reporting purposes, the Station is considered a part of the University, and thus, like the University, is a special purpose government engaged only in business-type activities. Accordingly, the Station’s financial statements have been presented using the economic resources management focus and the accrual basis of accounting applicable to public colleges and universities. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation to pay has been incurred. The Station has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB.

The accounts of the Station are still maintained internally in accordance with the principles of fund accounting. Under fund accounting, resources are classified for accounting and reporting purposes into funds according to specified activities or objectives.

NOTE A – SUMMARY OF ACCOUNTING POLICIES - CONTINUED

2. Basis of Presentation - continued

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities; the disclosure of contingent assets and liabilities and the date of the financial statements; and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Capital Assets

Capital assets are recorded at cost at the date of acquisition or at the fair market value at the date of donation in the case of gifts. In accordance with accounting principles generally accepted in the United States of America for public colleges and universities, depreciation is computed using the straight-line method over the estimated useful lives of the assets. The half-year convention is being used, in which a half-year's depreciation is recorded in the month of acquisition and a half-year's depreciation is recorded in the month of disposition. Expenditures for repairs and maintenance are charged to operating expense as incurred. Useful lives are as follows:

Studio and broadcast equipment	5 years
Furniture and fixtures	7 years
Transmitter, antenna and tower	15 years
Building improvements	20 years

4. Cash and Cash Equivalents

The University has pooled its cash and investments, except for certain funds that are required by bond resolution to be in separate accounts. Interest in pooled cash at June 30, 2008 represents the Station's share of this pooled cash account.

For purposes of the Statement of Cash Flows, all short-term investments that are highly liquid are considered cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, have a maturity date no longer than 90 days.

5. Indirect/In-kind Contributions of Services, Materials and Supplies

During the year ended June 30, 2008, the value of contributed services meeting the requirements for recognition in the financial statements totaled \$106,684. In addition, many individuals volunteer their time and perform a variety of tasks that assist WGLT-FM Radio at its facilities.

NOTE A – SUMMARY OF ACCOUNTING POLICIES - CONTINUED

5. Indirect/In-kind Contributions of Services, Materials and Supplies - continued

Facilities allocated from the University consist of office and studio space together with related occupancy costs and are recorded in revenue and expense on a prorated basis. Administrative support from the University consists of adjusted allocated financial and physical plant charges incurred by the University on behalf of the Station.

6. Promises-to-Give

At various times during the year, the Friends of WGLT sponsor fundraising events to solicit promises-to-give on behalf of the Station. If these promises-to-give are not collected in a reasonable period of time, they are written off as uncollectible. Contributions and collected promises-to-give are components of the unrestricted operating fund inasmuch as their usage is not limited to specific activities of the Station.

7. Accounts Receivable

Accounts receivable represent uncollected underwriting revenue and uncollected promises-to-give.

8. Revenue Recognition

The Station has classified its revenues as either operating or non-operating revenues as follows:

Operating Revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as providing educational programs, goods and production services to the public and private sector, and includes most grants and contracts.

Non-operating Revenue – Non-operating revenues include activities that have the characteristics of non-exchange transactions, and other revenue sources that are defined as non-operating revenues by GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that Use Proprietary Fund Accounting, and GASB Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments, such as investment income, and capital grants. Non-operating revenues include transactions relating to capital and financial activities, non-capital financing activities, and investing activities.

9. Restricted Support

The Station reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

10. Advertising Costs

Advertising costs are expensed in the period in which they are incurred.

11. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of revenues, expenses, and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

NOTE B – GRANTS

The Corporation for Public Broadcasting (CPB) is a private, nonprofit grantmaking organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grant (CSG's) to qualifying radio stations. CSG's are used to augment the financial resources of public broadcasting entities and thereby to enhance the quality of programming and expand the scope of the public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Annotated, Section 396(k)(7). In any event, each grant must be expended within two years of the initial grant authorization.

According to the Communications Act, funds may be used at the discretion of the recipients for purposes relating primarily to production and acquisition of programming. Also, the grants may be used to sustain the activities begun with CSG's awarded in prior years.

Certain *General Provisions* must be satisfied in connection with application for and use of the grants to maintain eligibility and meet compliance requirements. These *General Provisions* pertain to the use of grant funds, record keeping, audits, financial reporting, mailing lists, and licensee status with the Federal Communications Commission.

NOTE B – GRANTS – CONTINUED

The grant period for the most recent grant is October 1, 2007 though September 30, 2009. The Community Service Grant received and expended during the most recent fiscal years were as follows:

Year of Grant	Grants Received	Expended		Uncommitted Balance at June 30, 2008
		2007	2008	
2007	\$ 143,154	\$ 134,111	\$ 9,043	\$ -
2008	\$ 130,769	\$ -	\$ 96,995	\$ 33,774

During fiscal year 2007, WGLT was awarded a CPB Radio Digital Grant to be used for the conversion to digital radio transmissions. WGLT will receive a total of \$70,000 from the CPB which, in addition to other station funds, will be used for the purchase and installation of equipment. The expected project end date is December 2008. WGLT received its first disbursement of \$32,500 in fiscal year 2007 (recorded as deferred revenue), no disbursements were received in fiscal year 2008, and expenditures totaled \$0 as of June 30, 2008.

The Illinois Arts Council also provides a major source of funding for the Station. The grant period for the most recent grant is July 1, 2007 through August 31, 2008. The purpose of this grant is to supplement the cost of operating and maintaining a public broadcasting station. The Illinois Public Broadcasting Grant received and expended during the most recent fiscal years were as follows:

Year of Grant	Grants Received	Expended		Uncommitted Balance at June 30, 2008
		2007	2008	
2007	\$ 60,853	\$ 43,073	\$ 17,780	\$ -
2008	\$ 48,794	\$ -	\$ 26,820	\$ 21,974

Except for the CPB Digital Conversion Grant, the above grants are recorded as revenue when the grant was received or pledged. In some instances, they are multi-year grants, and therefore, current year's revenue includes amounts that will not be expended in the current year.

NOTE C – COMPENSATED ABSENCES

The liability for compensated absences was \$122,366 at June 30, 2008. Illinois State University policy allows employees to accumulate 420 hours of vacation time. All accrued vacation is payable upon termination. Sick leave hours earned prior to January 1, 1984 and after January 1, 1998 are not payable to the employees. However, over one-half of the hours earned between January 1, 1984 and January 1, 1998 are payable to employees upon death, retirement, resignation, or termination.

NOTE E – NONFEDERAL FINANCIAL SUPPORT (NFFS) – CONTINUED

A “contribution” is cash, property or services given to a public broadcasting entity for general operational purposes. Support received as a contribution by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source may be an entity except the federal government or any other broadcasting entity; (2) the contribution may take the form of a gift, grant, bequest, donation or appropriation; (3) the purpose must be for the construction or operation of a noncommercial, educational public broadcast station or for the production, acquisition, distribution or dissemination of educational television or radio program and related activities; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

A “payment” is cash, property or services received by a public broadcasting entity from specific sources in exchange for specific services or materials. Support received as a payment by a public broadcasting entity must meet the following criteria to be includable as NFFS: (1) the source must be a state, any agency or political subdivision of a state, an educational institution or organization or a nonprofit entity; (2) the form of the payment must be appropriations or contract payments in exchange for specific services or materials; (3) the purpose must be for any related activity of the public broadcast station; and (4) the recipient must be a public broadcasting entity on behalf of a public broadcast station.

Reported NFFS for the Station was \$1,378,168 for 2008.

NOTE F – STATE APPROPRIATIONS

This classification includes financial resources provided to the Station through budgetary authorizations of the State Assembly. State appropriations utilized during the fiscal year totaled \$429,280.

NOTE G – INDIRECT ADMINISTRATIVE SUPPORT

Indirect support from other state agencies consists of allocated institutional support and physical plant costs incurred by the State for which the Station receives benefits. The fair value of this support is recognized in the Statement of Revenues, Expenses, and Changes in Net Assets as indirect administrative support and also as expense in the functional expense categories. For the year ended June 30, 2008, indirect support was calculated by ISU based on the net assignable square footage of the radio station, and a formula reflecting ISU operating expenses benefiting the station. The value of this support included in the Statement of Revenues, Expenses, and Changes in Net Assets was \$119,534 for the year ended June 30, 2008.

NOTE H – RADIO TOWER LEASE

The Station has an operating lease agreement with High Rise Communications for space to operate the Station's transmitter and antenna. The lease terms require semi-annual payments due on July 15 and January 15 each year and terminate June 30, 2011. Lease payments for fiscal year 2008 were \$15,300. The lease may be terminated with six months notice.

The Station also has a three year operating lease effective July 1, 2007 with Zerla Properties for translator tower space in downtown Peoria. Lease expense for fiscal year 2008 was \$2,820. The lease may be terminated with six months notice.

Future minimum rental payments required under the leases are as follows:

Year ending June 30,	High Rise	Zerla
2009	\$ 16,100	\$ 2,820
2010	16,900	2,820
2011	17,700	-
